Here at Inventory Accuracy Enterprises, Inc, our number one goal is customer satisfaction. We believe that the best way to reach this goal is to provide the correct solution for the application and to do so at a fair price, without sacrificing service and support. We specialize in refurbishing, repairing, and maintaining data collection equipment such as mobile computers and barcode scanners.

We aim to excel in Quality, Service, and Efficiency!

REPAIRS

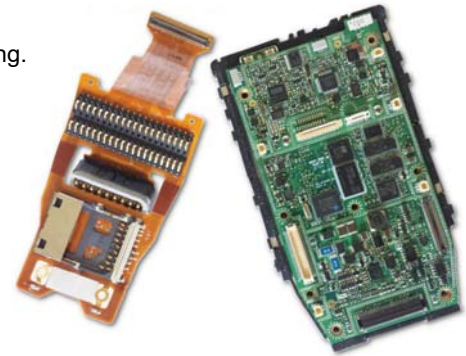

Have broken barcoding equipment? We offer quick turnaround times at competitive pricing.

Average Turnaround time is 3-5 Business Days

To accommodate our clients needs, we offer three types of repair services

1. Flat Rate
2. Time and Materials
3. Advanced Replacement Repairs

To Learn more visit us at <https://www.invaccuracy.com/repairs/>

USED / PRE-OWNED EQUIPMENT

Save money by purchasing Used & Pre-Owned Equipment. All of our equipment undergoes a 45 point inspection. Quite simply, we want the equipment to work correctly and be ready to use right out of the box. Any parts that do not pass the inspection are replaced with new parts- not used.

On most equipment we offer a 90 day limited warranty.

1. 45 Point Inspection
2. 90 Day Limited Warranty on most units
3. Offer Used & Refurbished

Check out our equipment and pricing at <https://www.invaccuracy.com/shop/>

RENTALS

We understand that purchasing equipment may not be the best solution for all companies. For this reason, we created a unique rental program. This allows companies to only use what they need and when they need it.

1. No Minimum Order Quantity
2. Quick Turnaround Time
3. Very Low Maintenance Cost
4. Low Cost Investment
5. Quick ROI
